NSTC INSTRUCTION 12351.1A

From: Commander, Naval Service Training Command

Subj: COMPETITIVE AREA FOR REDUCTION IN FORCE (RIF)

Ref: (a) 5 CFR § 351.402

Encl: (1) NSTC Competitive Area Definitions

1. Purpose. To define the competitive area for Reduction-in-Force (RIF) purposes for Appropriated Fund civilian employees of Naval Service Training Command (NSTC) and NSTC Activities.

2. Cancellation. NSTCINST 12351.

3. Discussion. All federal agencies are required to establish competitive areas. These are the boundaries within which employees compete for retention under RIF procedures. Employees in a competitive area compete only with each other; they do not compete with employees in another competitive area.

4. Scope. In accordance with reference (a), enclosure (1) defines the competitive areas for all NSTC Activities. Each specified competitive area includes all civilian employees of the UIC at that location.
