

NAVAL TECHNICAL TRAINING CENTER JOINT BASE SAN ANTONIO SAN ANTONIO TEXAS

MISSION

“Our mission is to educate, train, and develop Naval Security Forces and Joint Corrections Specialists for world-wide assignment. NTTC Lackland will be recognized as the Navy’s “Center for Excellence” for training and student support. Team Lackland is in the business of building the ‘Total Sailor’ and our duty is to prepare the best for the worst when deployed down range or defending home turf. The U.S. Navy is America’s away team!”

GUIDING PRINCIPLES

Well-Being: The Safety, Security, Health, and Well-being of Staff and Students are the top priority! All hands, daily, will be rested, clear headed, and on time— safe to train - ready to train! We will personally support each other and invest time, effort, and resources for the foundation of this priority. Brilliant on the Basics: We will execute the fundamental people programs of our Navy: sponsorship, indoctrination, mentorship, personal, and professional development, training, education, family support and recognition.

SERVICE

We serve our Nation, Foreign Partners, Navy, community and family. Team Lackland will safeguard the trust of those we serve by being the very best, both ‘in and out’ of uniform and ‘on- and off-line’ in social media. We are personally accountable to those we serve by our actions and the Sailors we send to serve as “Guardians of the Fleet”!
