SUBJ/SELECTION OF APPLICANTS FOR THE FY-18 SEAMAN TO ADMIRAL-21 COMMISSIONING PROGRAM//

REF/A/DOC/OPNAV/14DEC09//
REF/B/DOC/BUMED/11JUN15//
NARR/REF A IS OPNAVINST 1420.1B, ENLISTED TO OFFICER COMMISSIONING PROGRAMS APPLICATION ADMINISTRATIVE MANUAL. REF B IS THE MANUAL OF THE MEDICAL DEPARTMENT (MANMED), NAVMED P-117, CHAPTER 15, MEDICAL EXAMINATIONS.//

RMKS/1. This NAVADMIN announces selections for the FY-18 Seaman to Admiral-21 (STA-21) Program. STA-21 is the premier commissioning source providing the highest levels of education and leadership training for our Sailors. These highly motivated men and women will be among the future leaders of our Navy. Highly competitive packages were received from 349 well-qualified Sailors making selection a difficult task this year. All who applied should be very proud of their accomplishments and continue their outstanding performance to ensure professional growth and to increase their chance of selection in a future board. Congratulations to all who were selected.

2. Selectees are (read name, rate, and option assigned):

ADAMS, JEFFREY J	EMN1	NUCLEAR
BAEZ, ANDREW	ETN1	NUCLEAR
BISCHOFF, COLE A	MMN3	NUCLEAR

GRAUBERGER, ELISE O	ET2	CORE
GUETERSLOH, DANIEL L	ETN3	NUCLEAR
JONES, ZACHARY H	EOD1	EOD
MILLER, JACOB W	MMN2	NUCLEAR
MONTANO, EMILIO C	ETN2	NUCLEAR
PROMISE, KHIARO M	BU1	CEC
RAHMANI, ASAIAH J	ET2	CORE
SCHAFFER, DARRELL C	MMN2	NUCLEAR
SPRATT, RYAN A	FC1	CORE
STEVENS, CALEB C	MMN3	NUCLEAR
SWEAT, STEVEN R	MMN2	NUCLEAR
TRUAX, HEATHER L	EMN2	NUCLEAR
VYTLAS, ABIGAIL M	AT2	NFO

4. Selections are conditional upon the selectee remaining fully eligible in all respects, meeting physical qualifications for commissioning as determined by the Bureau of Medicine and Surgery (BUMED) and assignment by Naval Service Training Command (NSTC) to an approved Naval Reserve Officers Training Corps (NROTC) affiliated university based upon an official degree plan and acceptance letter from the university. Upon completion of an NSTC approved baccalaureate degree program, selectees will receive appointments as ensigns.

5. Commanding officers should take the following actions:

- a. Notify selectees and alternates of their selection and ensure they receive a copy of this message.
- b. Notify NSTC (Officer Development (Selection and Placement) (OD2)/STA-21) via e-mail no later than 4 November 2017 of any selectee or alternate who does not desire to participate in the program.
- c. Immediately report to NSTC (OD2/STA-21) all conditions/circumstances that may disqualify a selectee or alternate from participating in the STA-21 Program via e-mail at pnsnc_sta21@navy.mil.

6. Selectees and alternates should take the following actions:

- a. Complete a physical examination for a training program leading to a commission in the unrestricted line, nurse corps, or civil engineering corps, as applicable, in line with references (a) and (b) at a military treatment facility. Note that many commissioning standards exceed the enlisted standards required to remain on active duty.
- b. Ensure copies of completed physicals, Report of Medical History (DD Form 2807-1), and Report of Medical Examination (DD Form 2808), including Human Immunodeficiency Virus results from a test taken after 1 January 2017, are submitted no later than 1 December 2017 to:

Naval Service Training Command
 Attn: OD2/STA-21
 250 Dallas Street, Suite A
 Pensacola, Florida 32508-5268

Aviation option selectees/alternates must have flight physicals uploaded directly into Aeromedical Electronic Resource Office by a flight surgeon, and submitted to Naval Aerospace Medical Institute. The selectees/alternates must be certified as qualified or have a waiver recommended by Naval Medicine Operation Training Center. All required physical forms can be downloaded from the STA-21 homepage at <https://www.sta-21.navy.mil>. Commands should not forward physical forms directly to BUMED.

c. Send acceptance letters from no more than three NROTC host or NROTC cross-town affiliated universities to the NSTC address listed above. Application to more than one university is advisable. Selectees will begin

the STA-21 Program with attendance at the Naval Science Institute (NSI) no later than 13 February 2018.

d. Send an official degree plan from an NROTC host or NROTC cross-town affiliated university where they have been accepted. Degree plans must cover the time actually attending college. Selectees degree plans should begin with the summer term 2018. All STA-21 selectees will be required to attend the NSI in route to their assigned university.

7. Alternates: Each alternate must complete the same actions outlined in paragraph 6 of this message. If a primary selectee declines participation in the program, is determined to be physically disqualified, or otherwise becomes ineligible for continuation in the program prior to executing orders, a qualified alternate will be selected. This notification often comes at the last minute. Therefore, alternates need to be prepared if and when notified.

8. The deadline for required degree plans and college admission documentation is 30 December 2017. It is in the best interest of each selectee and alternate to submit verification of eligibility criteria as soon as possible to expedite university assignment and release of permanent change of station orders. Selectees will not be ordered to NSI in route to their assigned NROTC university until all conditions outlined in paragraph 6 have been met.

9. Points of contact: Anna Duvall, NSTC, who can be reached at (850) 452-9433/DSN 922 or via e-mail at anna.duvall@navy.mil or Eric Hodge, NSTC, who can be reached at (850) 473-6141/DSN 922 or via e-mail at eric.hodge@navy.mil.
