SUBJ/SELECTION OF APPLICANTS FOR THE FY-23 SEAMAN TO ADMIRAL-21  
COMMISSIONING PROGRAM//

REF/A/DOC/OPNAV/14DEC09//

REF/B/DOC/BUMED/11JUN15//

NARR/REF A IS OPNAVINST 1420.1B, ENLISTED TO OFFICER COMMISSIONING  
PROGRAMS APPLICATION ADMINISTRATIVE MANUAL. REF B IS THE MANMED,  
NAVMED P-117, CHAPTER 15, PHYSICAL EXAMINATIONS AND STANDARDS FOR  
ENLISTMENT, COMMISSION, AND SPECIAL DUTY.//

RMKS/1. This NAVADMIN announces selections for the Fiscal Year (FY)  
2023 Seaman to Admiral-21 (STA-21) program. STA-21 is the premier  
commissioning source providing the highest levels of education and  
leadership training for our Sailors. These highly motivated Sailors  
will be among the leaders of our Navy well into the 21st Century.  
The selection board received 265 highly competitive selection  
packages from well-qualified Sailors and 79 outstanding Sailors were  
selected, making the selection this year a challenging task. Those  
who applied should be very proud of their accomplishments and  
continue their outstanding performance to ensure professional growth  
and increase their chance of selection in a future board.  
Congratulations to all of the selectees!

4. Selections are conditional upon the selectee remaining fully eligible in all respects, meeting physical qualifications for commissioning as determined by the Bureau of Medicine and Surgery (BUMED), and assignment by Naval Service Training Command (NSTC) to an approved Naval Reserve Officers Training Corps (NROTC) affiliated university based upon an official degree plan and acceptance letter from the university. Upon completion of an NSTC approved baccalaureate degree program, selectees will receive appointments as Ensigns, USN.

5. Commanding officers should take the following actions: Notify selectees and alternates of their selection and ensure they receive a copy of this message. Also, notify NSTC N92 Selection and Placement (N92/STA-21) via e-mail at [GRLK\\_STA21\(at\)navy.mil](mailto:GRLK_STA21@navy.mil) no later than 2 December 2022 of any selectee or alternate who does not desire to participate in the program. Immediately report to NSTC (N92/STA-21) all conditions or circumstances that may disqualify a selectee or alternate from participating in the STA-21 program via e-mail at [GRLK\\_STA21\(at\)navy.mil](mailto:GRLK_STA21@navy.mil).

6. Selectees and alternates should take the following actions: Complete a physical examination for a training program leading to a commission in the unrestricted line, nurse corps, or civil engineering corps, as applicable, in line with references (a) and (b) at a military treatment facility. Note that many commissioning standards exceed the enlisted standards required to remain on active duty. Ensure copies of completed physicals, Report of Medical History (DD2807-1), and Report of Medical Examination (DD2808), including Human Immunodeficiency Virus results from a test taken after 1 January 2022, are submitted no later than 1 December 2022 to:

Commander  
 Naval Service Training Command  
 Attn: N92/STA-21  
 320A DEWEY AVENUE BLDG 3  
 Great Lakes, IL 60088-2845  
 or via DoD SAFE (<https://safe.apps.mil>).

Aviation option selectees/alternates must have flight physicals uploaded directly into Aeromedical Electronic Resource Office by a flight surgeon, and submitted to Naval Aerospace Medical Institute. The selectees/alternates must be certified as qualified or have a waiver recommended by Naval Medicine Operation Training Center. All required physical forms can be downloaded from the STA-21 homepage at <https://www.netc.navy.mil/Commands/Naval-Service-Training-Command/STA21/>. Commands should not forward physical forms directly to BUMED. Send acceptance letters from no more than three NROTC host or NROTC cross-town affiliated universities to the NSTC address listed above or via DoD SAFE. Application to more than one university is advisable. Selectees will begin the STA-21 program with attendance at the Naval Science Institute (NSI) in 1 of 2 classes starting on approximately 13 February 2023 or 3 April 2023 for a 6 week period. Send an official degree plan from an NROTC

host or NROTC cross-town affiliated university where they have been accepted. Degree plans must cover the time actually attending college. Degree plans of selectees should begin with the summer term 2023. All STA-21 selectees will be required to attend the NSI en-route to their assigned university. Alternates: Each alternate must complete the same actions outlined in paragraph 6 of this message. If a primary selectee declines participation in the program, is determined to be not physically qualified, or otherwise becomes ineligible for continuation in the program prior to executing orders, a qualified alternate will be selected. This notification often comes at the last minute, therefore, alternates who desire participation in the STA-21 program need to be complete with the actions listed above when notified.

7. The deadline for required degree plans and college admission documentation is 1 December 2022. It is in the best interest of each selectee and alternate to submit verification of eligibility criteria as soon as possible to expedite university assignment and release of permanent change of station orders. Selectees will not be ordered to NSI en-route to their assigned NROTC University until all conditions outlined in paragraph 6 have been met.

8. The preferred method of delivery of all documents is through DoD SAFE utilizing email GRLK\_STA21(at)navy.mil (ensure an email with the encrypted passphrase is also sent to GRLK\_STA21(at)navy.mil). Documents can also be mailed to the address above.

9. Points of contact are:

- a. Ms. Rebecca Ludowise, rebecca.a.ludowise.civ(at)us.navy.mil.
- b. Mr. Jim Branch, james.r.branch8.civ(at)us.navy.mil.
- c. Mr. David Burmeister, david.a.burmeister.civ(at)us.navy.mil.

10. This NAVADMIN will remain in effect until superseded or canceled, whichever occurs first.
