Government vehicles shall be used for the local transportation of MIDN in connection with summer training, if at all possible. In accordance with reference (h), Naval Service Training Command (NSTC) Comptroller (N8) will issue work requests to the activities providing/procuring MIDN bus transportation at each of the MEDT and training sites.
5. Submarine Cruise & Surface Nuclear Billets. Billets will be assigned by NSTC N91. Units are to enter proper clearance status in accordance with policy promulgated by COMNAVSUBFOR/COMNAVSUBPAC.
6. Foreign Exchange Training of Midshipmen (FOREXTRAMID) and Japanese Maritime Self-Defense Force (JMSDF) Exchanges. First class summer training quotas have been adjusted for NROTC units with FOREXTRAMID and JMSDF selectees.

7. Air Mobility Command (AMC) Transportation. MEDCs will promulgate AMC flight information for MEDTRAMID or WESTPACTRAMID. Other group travel requirements must be coordinated through the NSTC Organization Defense Travel Agent (ODTA). Reference (h) pertains.

8. Immunization Requirements. NROTC unit COs shall ensure MIDN receive immunizations required by Section 2.10 of reference (e) prior to their departure for summer training.

9. Training Orders, Medical Records, Clearances, and Uniforms.

a. NROTC units are responsible for preparing travel authorizations and vouchers to support the summer training period. Vouchers shall be submitted within five working days following completion of travel.

b. MIDN first class who are requesting a pre-commissioning physical during summer cruise must have a statement in their orders indicating the type of physical requested. NROTC units, with approval from the appropriate MEDT OIC, may order MIDN to report two days early or extend training for two days in order to obtain pre-commissioning physicals. The NROTC unit COs are to ensure that all MIDN requiring pre-commissioning physicals receive them during the summer training period if unable to schedule physicals prior to summer training. MIDN to be embarked in submarines for cruises must have a valid physical and dental exam per reference (b) prior to reporting. These MIDN must meet Dental Class 1 or 2 to cruise for more than local operations. Pre-commissioning physicals cannot be conducted onboard submarines. MIDN participating in submarine cruises must report with their medical and dental records.

c. NROTC unit COs shall ensure that all MIDN, prior to their departure for summer training, have in their possession the following items:

(1) Health Record Folder (unless otherwise directed);

(2) Common Access Card;

(3) Summer Training Handbook (reference (f));

(4) Travel package as described in reference (h);

(5) Important contacts card, enclosure (4); and

(6) CDC 731 International Certificate of Vaccination, a travel booklet with record of vaccinations. Units with the Public Health Services travel booklet (PHS-731) may use those on hand until the supply is depleted. The CDC 731 booklets are available on the U.S. Government Bookstore website: <http://bookstore.gpo.gov/catalog/health-benefits/immunization-vaccination/vaccination-forms>.

d. MIDN uniform requirements are contained in reference (d). Units are authorized to coordinate directly with Fleet units to determine required uniforms for that particular unit.

e. For complete travel guidance and procedures to support the summer training period, refer to reference (h).

f. All authorizations will include the highest security clearance for which the individual MIDN is eligible and applicable source data. All MIDN should have a satisfactorily completed National Agency Check and be granted a SECRET clearance with Nuclear Restricted Data prior to departing for summer training.

10. Advance Pay. NROTC MIDN will be authorized advance cruise pay. This policy allows Defense Finance and Accounting Service to provide 80 percent advance payment to all MIDN prior to commencement of their proposed training. Leave and Earnings Statements will not be submitted to disbursing offices for payment.

11. Pre-cruise Brief. Prior to the commencement of training, the NROTC unit will conduct an extensive pre-cruise brief for its assigned MIDN using the publications discussed in reference (e). In addition to hand-carrying the appropriate handbook to their training site, MIDN should thoroughly review the handbook and understand the scope of the training objectives. Units are responsible for ensuring that MIDN understand procedures for verifying authorization, validating training dates, advance pay recoupment, and travel voucher submission.

## **Summer Training Administrative and Instructional Guidelines**

1. Introduction. This enclosure provides general information about summer cruises and specific reporting instructions for each of the training programs. Quota allocations for each training program for each NROTC unit will be promulgated via Officer Programs Management Information System (OPMIS). Having determined that a unit has been assigned a quota via OPMIS, the unit staff will refer to the third section of this enclosure for reporting instructions. Specific information for each training site and actual ship assignment procedures will be provided in Letters of Instruction promulgated by the MEDCs. The MEDCs have ultimate and final authority to adjust or reassign NROTC unit quotas as necessary when changes in Fleet schedules modify available assets.

### 2. General Information

a. MIDN reporting to a MEDT are to report no earlier than 0800 and not later than 1600 on the date specified, unless otherwise directed in the MEDC Letter of Instruction. MIDN training orders shall indicate a stop enroute at the MEDT and specify a period of time for the stop (e.g., "...report via MEDT NORVA for a period not to exceed 8 hours for further transfer to USS JOHN PAUL JONES."). MIDN should report as soon after 0800 as possible. The reporting instructions listed in Section 3 will generally apply to all MIDN assigned to the specified training period. Some ships within each training period may require embarkation/debarkation earlier or later than the specified date; each affected unit will be advised of this deviation by the MEDC. NROTC units must ensure that MIDN understand that training periods may vary for a variety of reasons.

b. Due to limited parking and potential problems with base access, MIDN are discouraged from traveling via Privately Owned Vehicles (POVs). If MIDN desire to travel via POV, PNS approval is required. It is highly recommended that POV travel be limited to no more than 200 miles. All POV travel must be annotated in OPMIS and the respective exercise staff, MEDC, and MEDT staff must be informed of the MIDN's POV travel plans. Consult with reference (h) for guidance and procedures for POV reimbursement.

c. Units that have billets assigned that cannot be filled by first class College Program or scholarship MIDN are to immediately notify the appropriate MEDC so that the unused billets may be reassigned.

d. NSTC Summer Training Staff will maintain quota control until execution of summer cruises at which time the applicable OICs will assume accountability for all assignment changes. MIDN assignment changes required after initialization of cruise should be due to emergencies only.

e. Unused quotas should be identified to NSTC Summer Training Staff as soon as it is determined that they are not needed. The respective MEDCs will control all other training quotas. NROTC units should liaise directly with MEDC personnel regarding any changes to cruise assignments. Units shall emphasize to MIDN their responsibility to keep their parent

NROTC units advised of any change in their plans that would jeopardize their ability to report for active duty for training.

f. COs of NROTC units are to remind MIDN that the port of embarkation will not necessarily be the same port of debarkation. With prior approval, MIDN may drive their cars to their scheduled embarkation port, but they must be prepared to incur the personal transportation expense back to the embarkation port to get their cars if the training terminates in another port or if ship embarkation ports change on short notice.

g. Grooming standards for summer training will be per Navy and Marine Corps Fleet-wide grooming standards and Chapter 2, U.S. Navy Uniform Regulations. The MIDN's appearance must match that appearing on his or her Armed Forces Identification Card (e.g., hair color, wearing of mustache).

### 3. Reporting Instructions

a. Specific ports of embarkation are not indicated in this notice as Fleet schedules are not yet firm and specific ship assignments will be made by the appropriate OIC, MEDC. Exact port and ship assignments will be provided by LANTMEDC (CO, NROTC Hampton Roads Consortium) for LANTRAMID and MEDTRAMID cruises and by PACMEDC (CO, NROTC Unit San Diego Consortium) for PACTRAMID and WESTPACTRAMID cruises.

b. Nuclear Power. MIDN assigned to nuclear power training aboard Fast Attack Submarines and Ballistic Missile Submarines will receive specific reporting instructions from NSTC N91. Once nuclear cruise selections are announced, NROTC units are requested to return any unused training quotas to NSTC N91. In general, subsurface nuclear cruises will not be coordinated by a MEDC. MIDN assigned to nuclear surface cruises, however, will proceed via MEDTs when they are in close proximity to their assigned ship.

c. USMC OCS (I or II). Reporting instructions for first class Marine Option MIDN reporting to Headquarters, Officer Candidate School, Building 2189, Marine Corps Combat Development Center, Quantico, VA, will be promulgated via separate correspondence.

d. CORTRAMID. NROTC third class scholarship MIDN are assigned to this training. NROTC second class MIDN who did not complete CORTRAMID as third class MIDN are also assigned to this training in lieu of second class cruise. Training will consist of surface, submarine, aviation, and Marine Corps orientation training. Units must arrange round-trip transportation to and from the training site. Transportation between sites will be arranged by NSTC. Reporting instructions for each coast are as follows:

(1) EAST: Report to OIC, CORTRAMID EAST, Norfolk, VA. MIDN reporting to Norfolk by commercial air should go to the Military Information Desk located at the Norfolk airport. Transportation will be provided from the airport only. If reporting by POV or other means, report to Penn Hall, Bachelor Enlisted Quarters, Naval Station, Norfolk. MIDN should report between 0800 and 1600 on 08 July 2020 in appropriate civilian attire.

(2) WEST: Report to OIC, CORTRAMID WEST, San Diego, CA. MIDN reporting to San Diego by commercial air will report to the Military Information Desk in Terminal Two at the San Diego airport. Transportation will be provided from the airport only. If reporting by POV or other means, report to Building 302, Copp Hall, Naval Station San Diego (32nd Street). MIDN should report between 0800 and 1600 on 20 May 2020 in appropriate civilian attire.

e. Aviation Cruise. Selected MIDN first class will be ordered to report to an aviation squadron. Once ashore aviation option cruise selections are made, NROTC units are requested to return any unused training quotas to the appropriate MEDC.

f. NSI. Specific reporting procedures will be promulgated by assigned staffs.

g. Sea Trials. Specific reporting procedures will be promulgated by assigned staffs.

h. MAGTF Cruise. Specific reporting procedures will be promulgated by assigned staffs.

i. AMPHIB Cruise. Specific reporting procedures will be promulgated by assigned MEDC.

#### 4. Required Reports

a. Initial Training Report. As each group is formed, detachment OICs shall submit Initial Training Reports by email to LT Chaz Brown, NSTC Deputy Summer Training Officer, at chaz.t.brown@navy.mil. Reports shall include:

(1) A list of MIDN who did not report for training including name, last four of SSN, and parent unit. Parent units may have to be contacted to determine the reason a MIDN did not report for training as scheduled;

(2) Discrepancies noted by name, unit, and discrepancy.

b. Final Training Report. Upon completion of the training, the CORTRAMID OIC shall submit a final training report to LT Brown at chaz.t.brown@navy.mil. Summarize the training with specific recommendations in the following subject areas:

(1) Effectiveness of pre-training planning by NSTC Summer Training Staff;

(2) Training organization;

(3) Staffing/recommendations;

(4) Reporting and departure of MIDN;

(5) Messing and berthing;

(6) Uniforms and equipment;

(7) Facilities; and

(8) Improvements for next year.

c. Non-appropriated Fund Financial Report.

(1) Commands that are provided an allocation of non-appropriated funds directly from the Commander, Navy Installations Command (Code N252D) Central Fund for MIDN recreation purposes shall forward a consolidated financial report to BUPERS (PERS-652D) within 30 days following completion of the MIDN summer training period.

(2) This letter report shall include a listing, by dollar amounts, of the specific uses of the funds (e.g., Sightseeing Tour Expense, \$ ; Recreation Field Meet, \$ ), accompanied by a check or money order for any residual amount. A copy of each final financial report shall be provided to NSTC OD.

d. MIDN End of Training Survey.

(1) Each MIDN shall complete an End of Training survey upon completion of cruise. Upon cruise completion, OPMIS will send each MIDN the link to the survey to be completed via email.

(2) MIDN will use their individual billet IDs to enter and complete the survey. A Phase Critique may be completed by each MIDN as required by the host command for use by the host command. A summary Phase Critiques, if conducted, should be provided by each host command to NSTC Summer Training Staff by 25 August 2020 for use in the NROTC Summer Training Summary.

e. Special Incident Reports. Incidents involving death or serious injury of a MIDN during training or while on liberty should be reported to the NSTC Deputy Commander for NROTC Operations or the NROTC Program Manager. If neither member can be reached, contact the NSTC Staff Duty Officer (SDO) and provide an initial report per Operations Report/Situation Report reporting procedures. In addition, major incidents involving MIDN that have a potentially adverse public relations impact should be similarly reported. Less serious incidents involving misconduct, alcohol, or drugs should be reported no later than the next working day to NSTC Summer Training Staff.

f. MIDN Evaluations. MIDN evaluations are optional. OICs are encouraged to complete an Officer Fitness Report, per reference (e), for particularly outstanding or deficient performance. MIDN receiving these reports will be evaluated by the officer and enlisted instructor in charge of each company, and the fitness reports will be signed by the OIC.

g. MIDN Travel Vouchers. MIDN authorizations shall be endorsed upon arrival by the summer cruise training staff. Travel vouchers will be prepared and subsequently processed by the parent NROTC unit staff using DTS in accordance with reference (h).
