Subj: HELPFUL INFORMATION ABOUT YOUR TRAINING IN FORT JACKSON

1. The Staff of the Naval Chaplaincy School & Center is looking forward to your arrival in Fort Jackson to participate in the Professional Naval Chaplaincy Intermediate Leadership Course.

2. We are still fairly new to Fort Jackson, and this will probably be your first experience doing Navy training on an Army post. This course is designed to equip you to perform at the Domain and COCOM level, and as such will be conducted in a seminar type style and employ a number of Subject Matter Experts from around the Navy.

3. Additionally, we may take advantage of workshops being conducted in colleges and universities in the area.

4. Your wisdom, experience, and thoughtfulness will provide additional stimulation and substance for this training.

5. We will also take time to pray and fellowship together as part of the understanding that as servants of God and of the members and families of the Sea Services, our prayerful and personal support of each other contributes to our esprit de corps and models the behavior we seek to encourage in those we serve.

6. Please view our Facebook and official websites for further information.
