\* SPIRITUALITY \*

All students will receive a Fort Jackson Domain account which provides limited access to the network. The requirement for the Domain account is verification of completion of Information Assurance and Awareness training within the past 12 months and their CAC EDIPI Number (10 digit number).

## Information Assurance and Awareness Training

Access the training via the DISA Website: <http://www.disa.mil>.

- On the Services and Capabilities tab, select Information Assurance.
- In the area labeled Online Resources, Select IA Training,
- Select Information Awareness Training, then select Launch Training

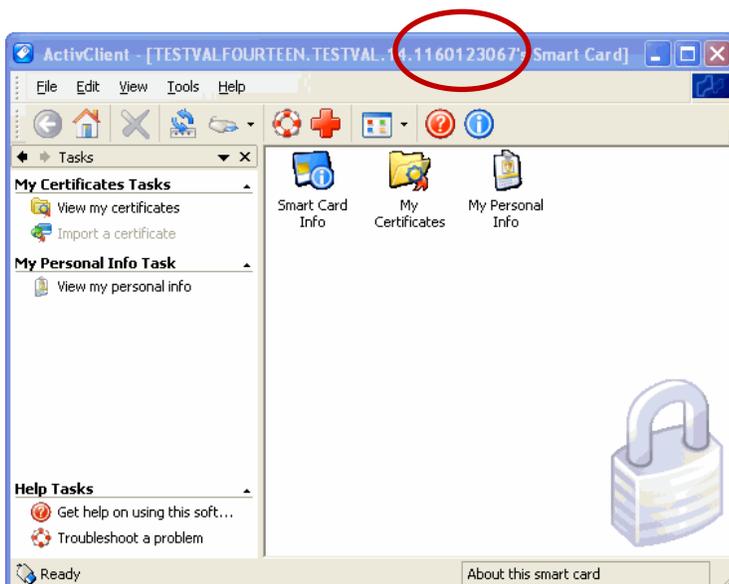

Upon completion of training, a window will appear prompting the user to enter their name to be printed on the certificate. Please retain a copy for your records.

## CAC EDIPI Number

If you have access to a CAC reader you can obtain your EDIPI Number using the following steps, prior to arrival. There are several methods to locate the CAC EDIPI Number.

## ActivClient

- Select the ActivClient Icon  located in the status bar
- The **ActivClient User Console** is then displayed.
- The 10 digit number following the user name is the EDIPI.

If there is no ActivClient Icon in status bar, go to Start Menu:

- Select All Programs
- Select ActivIdentity
- Select ActivClient
  - Select User Console
